# The Most Efficient and Agile Framing Nailer for Concrete

The FOX is the tool for clever and agile installers. Installing drywall structures requires technique and efficiency, the FOX gas nailer is designed to increase the productivity when nailing frames on concrete: it shoots 2 nails per second and ensures a continuous usage up to 8,000 nails without battery recharge or replacement.

- 2x faster than electric nailers
- Lighter than battery nailers
- 85 Joules power for easy penetration into the base material
- Fast recharging - A 2 minute charge allows you 200 shots

The FOX gas nailer is the perfect tool for agile drywall installations. To discover other application uses and to learn more head over to [www.celofixings.com/fox-for-drywall-installations](http://www.celofixings.com/fox-for-drywall-installations) or scan the QR code now.
